The button will appear in the normal screen resolution (1024) and above. See format Appendix 1.
- (3) The position of the button on the province page/tourist area will depend on the type of promotion and how long it has been published: first the promotions of a normal agency (among these the position will be in order of the length of time you have been with us), followed by the buttons for the smaller agency promotions (also in order of the length of time you have been with us). Maximum 5 buttons in total. See appendix 2.
- (4) You will only be able to contract this if the agency has more than 10 houses in the province. You will have less priority than the agencies from that province.

<p>Our common objective is for the efficient promotion of your accommodations, so, therefore, we assure you that we will do everything we can to make your investment as profitable as possible.</p>
